**PDF Gallery Crack + Download X64 [Latest] 2022**

PDF Gallery is a tool that enables you to combine multiple image files into one PDF document and save it to your preferred location. It supports the JPG, JPEG, PNG and BMP format and you can add photos at any time or even reorder them later. You can set the width and height of the document, select the page layout, and adjust the bottom and left margins. Your document can be saved to a desired location and the image quality can be customized with a slider. Key Features: \* Combine multiple photos into one document and save it to a desired location \* Support JPG, JPEG, PNG and BMP files \* Add images at any time or even reorder them later \* Adjust the page layout, left and right margins and bottom margin \* Adjust the image quality with a slider \* Create a document in landscape or portrait orientation \* Specify the folder containing photos to include in the gallery \* Use a PDF viewer to view the photos in the preview window \* Export the document to a single PDF file or to a folder \* Specify the file format, thumbnail size and file extension \* Customize the document's name \* Set a title for the gallery \* Create a PDF document in the same folder or a different location \* Customize the creation date and time \* Create PDF documents in landscape or portrait orientation \* Preview the image \* Delete the document after creation System Requirements: \* Microsoft Windows XP, Vista or Windows 7 (32-bit and 64-bit), Windows 8 (32-bit and 64-bit), Windows 8.1 (32-bit and 64-bit) \* Download PDF Gallery 2.2.1.0 from our website. \* The program can be uninstalled, it will not delete the registry entries. PDF Gallery (Free PDF Viewer) Description: PDF Gallery is a tool that enables you to combine multiple image files into one PDF document and save it to your preferred location. It supports the JPG, JPEG, PNG and BMP format and you can add photos at any time or even reorder them later. You can adjust the page layout, left and right margins and bottom margin.
